AMERIFUNDS Diversified Funding, LLC Selects RIA DATABASE As Provider Of Advisor Data

Charlotte, NC (June 18, 2007) RIA DATABASE (A LABWORKS, LLC COMPANY) today announced that AmeriFunds Diversified Funding, LLC has chosen to use the company's innovative, subscription based product to enhance its Financial Advisor and Broker Dealer relations, through their national sales and marketing distribution.

"The success of AmeriFunds' consistent growth is attributed to outstanding customer service, selective investment and investor criteria management and competitive nationwide buying power," said Randy J. Story, Portfolio Manager, AmeriFunds Secured Income Fund I, LLC "RIA DATABASE will help us achieve that success more effectively and efficiently."

In just six months, RIA DATABASE has signed up over 30 clients. The company's success is due to superior technology and innovative marketing which allows it to keep its subscription rate at a third of the cost of its competitors.

"We are delighted to be a provider to such a leading financial player like AmeriFunds that is committed to innovation and customer service," said Julie Cooling, President of RIA DATABASE.

**About AmeriFunds**

AmeriFunds Diversified Funding, LLC is the Investment Manager for the AmeriFunds Secured Income Fund, I. A Private Placement with a core strategy offering income and capital appreciation along with low volatility and consistent returns by investing its portfolio in First Trust Deeds and Mortgage Notes nationally, for high net worth Investors. An Alternative Investment, AmeriFunds has consistently outperformed stocks and bonds since the Fund's inception.
